

## Report update - October 2017 by Lucy Harley

### School Sports Premium Report

Funded by the Department for Education, the Department of Health and the Department for Culture, Media and Sports, they have given this money directly to schools to be spent on PE and sports provision. The money is ring fenced and was initially for two years which has now been extended. It is up to schools how they spend this money however it must be used with the following vision in mind.

#### Vision for the Primary PE and Sport Premium:

*“ALL pupils leaving primary school are physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.”*

The funding has been provided to ensure impact against the following objective:  
To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision that will live on well beyond the Primary PE and Sport Premium funding.

#### How much have we received?

Wales Primary School received:

- **£8,885** in the school year 2013-14
- **£8,910** in the school year 2014-15
- **£8,910** in the school year 2015-16.
- **£8,965** in the school year 2016-17.

Based on last year's payments, the first payment of the school year 2017-18 of around **£5,230** is due in early November 2017; the second payment of around **£3,735** is due in summer of 2018 (totalling **£8,965**). There will also be additional funds received as part of the government 'sugar tax' scheme.

#### How should the money be spent?

The money should be used to develop or add to the PE and sport activities that a school already offers, and make improvements now that will benefit pupils joining the school in future years. It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles;
2. the profile of PE and sport being raised across the school as a tool for whole school improvement;
3. increased confidence, knowledge and skills of all staff in teaching PE and sport;
4. broader experience of a range of sports and activities offered to all pupils; and
5. increased participation in competitive sport.

2 Y6 boys have successfully earned places in the national cross country finals at Loughborough at the end of March.

The boys' football team are through to the South Yorkshire final to be held early 2018.

### Children's participation in intra school competitions September 2017 – October 2017

Intra school events planned for the Autumn term.

## Report update - October 2017 by Lucy Harley

### Children's participation in after school clubs September 2017 – October 2017

Since September we have offered the following sports after school clubs for children to participate in. These have been based on children's responses to a survey completed in July 2016 on the clubs they would prefer, as well as the cluster competitions coming up. KS2 football; Y3 football; KS1 multiskills, Y2 and Y3 swimming. Rotherham Hockey Club were booked to run an after school club this half term but unfortunately due to a lack of interest, this has been postponed to later in the year.

These clubs have been provided by staff and outside agencies.

Year Group	Number of children attending sporting clubs as of September 2017
EYFS	0
Y1	5
Y2	16
Y3	19
Y4	1
Y5	5
Y6	4

Individual Y6 children: 25% Pupil Premium and 50% SEN children included

Individual Y5 children: 17% Pupil Premium and 10% SEN children included

Individual Y4 children: 0 Pupil Premium and 0 SEN children included

Individual Y3 children: 50% Pupil Premium and 17% SEN children included

Individual KS1 children: 0 Pupil Premium and 0 SEN children included

## **Report update - October 2017 by Lucy Harley**

### **Sport Update**

Active travel to and from school has continued to be high profile in school with the continuation of the Walk to School badge scheme (that the school now buys into) and the renewal of Road Safety Officers in Y5. They are monitoring the number of bikes and scooters brought to school on a regular basis as well as running the Golden Padlock scheme, rewarding a random bike/scooter user once a week.

The Walk to School initiative has seen 125 children actively travelling to school (walk, scooter, bike or 'park and stride') at least once a week every week for a month.

All teachers and teaching assistants took part in a PE CPD course – Real PE – held at school as a twilight session. LH and MG will attend a further day's training to become 'lead' teachers for their respective key stages. There will be a second twilight session held for all staff in December.

### **Sustainability**

The guidelines are very clear that the funding must be used to make additional and sustainable improvements to the quality of PE and sport they offer. We feel that our spending is sustainable as it is focused on giving the children new opportunities, access to high quality resources, staff picking up additional CPD and therefore the tools to help deliver high quality PE education. The new PE curriculum demands that:

- children are more physically active for sustained periods;
- they are encouraged to lead a healthy and active life; and
- there are more competitive sports and activities carried out (whole school events).

### **Future plans for the rest of the year (November 2017 onwards)**

- Increased CPD opportunities:
  - develop staff's skills for sustainability in required areas through Real PE and other CPD opportunities
  - make use of local authority specialists and coaches offering free sessions
  - Liana Underwood (WHS SScO to continue working in school Wednesday afternoons delivering high quality lessons across the school, up-skilling teachers and TAs)
- More taster sessions for children (Unite Martial Arts, Cricket Kidz, Dinnington RUFC)
- Update equipment as needed
- Make further use of local sports facilities such as the 5-a-side pitches in Kiveton Park and tennis courts, and Wales High School
- Continue to survey and ask children's opinions and requests for clubs, taster sessions, etc
- Aim to increase (friendly) fixtures against local schools
